

## 5MP AHD Bullet IR (Long Distance)

**Model- HDC-TURBO-5MP-OD-L12**

### Feature:

- 1/3", 5 Megapixel CMOS Sensor
- Lens: 12mm (Fixed)
- 5.0MP H/Resolution 2560(H) x 1920(V)
- Maximum 25/30 fps
- Support LAN Wire
- Smart Array Range Up to 80m
- H.264/H.265 Dual Stream Enc.
- 3D DNR, AGC, AWB, BLC Supported

|                              |                           |
|------------------------------|---------------------------|
| Product Name                 | 5 mp<br>Ahd Bullet        |
| Image Sensor                 | 2560(h) x 1920(v)         |
| Effective Pixels             | 5 mp                      |
| Lens                         | 12mm                      |
| Day and Night Vision         | Deault/Auto               |
| S/N Ratio                    | >_ 50DB                   |
| BLC                          | Auto                      |
| Auto Electronic Shutter(AES) | Auto/1/50(1/60)-1/5000sec |
| Min.Illumination             | 0.01LUX                   |
| AWB                          | Auto                      |
| IR Control Voltage           | OFF(DC 0v)/ ON:3v-8v      |
| Video Output                 | AHD                       |
| Working Voltage              | DC 12v/53 mA+_ 6mA        |
| Smart Array Range            | 80m                       |
| Hosuing                      | Metal Housing             |
